The Town of Warren is kicking off an update to the 2006 Master Plan.

The updated plan will include comprehensive strategies for housing, economic development, land use, transportation, town services, and more.

The Town is seeking resident feedback to determine a future vision and goals for Warren.

The Master Plan process is a great way to learn more about town planning and voice your ideas!

How can we keep housing affordable?

How should the Town invest tax dollars?

What types of businesses should Warren attract?
